CERTIFICATE
OF QUALIFICATION ACKNOWLEDGEMENT
OF THE SAFETY ASSESSOR

No. 11

for

FULZAR, s. r. o.,
U Trati 517
257 41 Týnec nad Sázavou

The Railway Infrastructure Administration, state organization (hereinafter the SŽDC), within the meaning of Art. 13 of SŽDC's Regulation no. 34, acknowledges FULZAR, s. r. o., Týnec nad Sázavou as a Safety Assessor with the scope of recognition limited to:

- Relay applications and interfaces to other types of interlocking equipment and systems with uniquely defined relay or voltage interfaces to related systems
- Safety circuits and connections with electronic discrete components
- Control and checking circuits with internal or redundant HW safety
- Power supply of all generations for the interlocking equipment
- Applications that use microprocessors for simple built-in applications and integrated extensive systems (such as electronic station interlocking, electronic level crossing interlocking system, etc.)

Approved, ref. no. 49 508/2017-SŽDC-GŘ-O14

Effective till: 31. 12. 2022^{*)}

In Prague, on 14. 12. 2017

Bc. Jiří Svoboda, MBA
Deputy Director General
for Rail Operability

^{*)} Note: The validity also expires at the moment when the Safety Assessor is appointed by the National Safety Authority according to EN 50129
