

Správa železnic, státní organizace, as Czech infrastructure manager,
publishes

CERTIFICATION

OF QUALIFICATION ACKNOWLEDGEMENT OF THE SAFETY ASSESSOR

No. 17

which certifies,

**Správa železnic, státní organizace,
acknowledges as a Safety Assessor**

the subject

FULZAR, s. r. o.,

with registered office: U Trati 517, 257 41 Týnec nad Sázavou

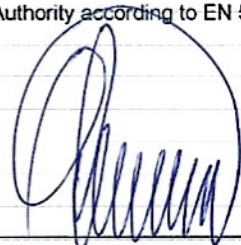

with the scope of recognition limited to:

- Relay applications and interfaces to other types of interlocking equipment and systems with uniquely defined relay or voltage interfaces to related systems
- Safety circuits and connections with electronic discrete components
- Control and checking circuits with internal or redundant HW safety
- Power supply of all generations for the interlocking equipment
- Applications that use microprocessors for simple built-in applications or integrated extensive systems (such as electronic station interlocking, electronic level crossing interlocking system, etc.)

Effective till: **31st of December 2027**

Note: The validity also expires at the moment when the Safety Assessor is appointed by the National Safety Authority according to EN 50129 ed. 2.

In Prague, 16th of December 2022

Ing. Marcela Pernicová
Deputy Director General
for Rail Operability
